We sit on the carpet when we work as a class, and we sit at a table when working in a group.

We have a role play area, a computer area and a book corner.

Our side playground has bikes and scooters, den building, woodland areas and much more.

Our courtyard has a covered roof so we can go outside even if it rains. Here we have writing, water and sand areas as well as more role play.

This is our school hall.

We use the hall for assembly, physical activity and it is also where we eat our lunch.

This is our main playground and when the weather is warmer, we play on the big playing field.
