

FAMILY WELLBEING PACK - DURING COVID19

SCHOOL NURSING

We have entered another difficult period in the pandemic when we can feel emotionally overwhelmed, including our children. Please do not suffer alone.

The school nursing offices continue to be manned and to offer support and signposting options at this difficult time.

Hampshire Healthy Families website: <http://www.hampshirehealthyfamilies.org.uk> with our partner Barnardo's has information and resources. This includes details about online groups to support parents.

The school nursing service offer a Chat Health text advice line for parents of school aged children on 07507 332417.

This service is provided by a member of the school nursing team 9-4 Monday-Friday excluding bank holidays. We offer general health and wellbeing advice and can signpost you to other services if necessary.

Our Chat Health text messaging service for young people between the ages of 11-19 on 07507 332160.

ChatHealth allows young people in Hampshire to text messages to the dedicated number for general health and wellbeing advice; the messages are delivered to a secure website. Once received, the school nurse will respond to the text within one working day.

This service is provided by a duty School Nurse 8:30 – 4:30 Mon-Fri.

Health Visiting Services also have a Chat Health text advice line for parents of pre-school children on 07520 615720. This service is provided by a duty Health Visitor 9-4 Monday-Friday excluding bank holidays. This service offers general Health Visiting advice and signposting.

Immunisations - The school age immunisation programme is still running in schools and community clinics.

It is important that your children continue to participate in this public health programme. The immunisation teams are still able to offer the nasal flu vaccination to children and young people in year R- year 7. Please contact the immunisation teams in your area to book an appointment.

The immunisation teams are liaising with schools planning the MenACWY & teenage boosters and HPV programmes. You will be contacted by the school or the immunisation team to inform you when your child's vaccination will be given. Staff from Southern Health will be adhering to social distancing guidance, and will be wearing PPE when delivering the immunisations.

Young people will be asked to sanitise their hands and wear facemasks when attending the session.

The vaccinations will not be offered by your GP practice.

For your immunisation team's contact details, please visit www.hampshirehealthyfamilies.org.uk/school-age-immunisation

WHERE CAN I FIND HELP FOR MY CHILDREN'S WELLBEING?

HOW CAN I MAINTAIN MY OWN MENTAL WELLBEING DURING THIS DIFFICULT TIME?

During these times it is really important to allow space for self-care. Try to view this time as a challenge and not a crisis. Use it to make a positive difference to your life by enjoying pastimes you don't usually have the opportunity for and to catch up with those tasks you are always meaning to do.

Some examples are:

Read books

Cook / Bake

Play board games/puzzles

Do jobs you've been meaning to do.

Virtual gatherings with friends

Listen to music

Learn a craft on YouTube – knitting, crocheting, needle felting, Woodwork

Go for a walk to a local park or bike ride

Gardening

HOW CAN I MAINTAIN MY OWN MENTAL WELLBEING DURING THIS DIFFICULT TIME?

Exercise
