"Rock 2 the Beat"

Our aim is to deliver expert tuition for children in contemporary Rock and Pop music, focusing on both individual skills and playing within an ensemble. The instruments taught as part of the project are electric guitar, bass guitar, keyboard, drums and voice. Teaching is via a mix of small group skills-based lessons and whole band ensemble sessions. Alongside this, a comprehensive set of resources are available to support learning outside of the sessions, which include song music, instructional videos, technical exercises and backing tracks to practise along to.

The programme is delivered by two experienced HMS teachers who have extensive experience not only in instrumental tuition but also in performance.

Rock 2 the Beat is delivered on a term-by-term basis with a performance at the end of each term, giving pupils the chance to showcase everything they have learnt to their peers, friends and family.

The cost of Rock 2 the Beat is £34.50 per month, which includes a minimum of 30 lessons per year, an instrument to take home and practise with and 24/7 access to all of the online resources.
