Wednesday 28th January 2026

Dear Parent/Carer,

As a Federation we are working hard to improve the children's times table knowledge - division facts included. We believe it is such a valuable and important mathematical skill as it creates the foundations for developing more complex skills later on. We are encouraging your support with this at home.

Last half term, you were sent home a letter explaining the different areas of TTRS and how it can be used to support practise, as well as the purpose of sending home the heatmaps. To further support this, we are encouraging every child with a TTRS login to complete at least 3 sessions of practise at home for a minimum of 10 minutes a week. The best settings to use for this practise would be *Garage*, *Jamming* or *Studio*. Class teachers will check each week to ensure this requirement is being met and the class with the highest participation rate will be celebrated each week. Short regular practise has the most impact in developing their knowledge for instant recall.

If your child is not able to access the online technology to complete this practise, please complete the slip below so a paper copy can be provided instead. We would like to thank you in advance for your continued support.

Yours sincerely,

Miss Bradley and Mrs Hunt
Maths Managers

TTRS - return by Friday 30th January.

Child's name _____ Class _____

Please tick the relevant box :

Yes, I / we can complete the 3 practices online

No, I / we are unable to complete the practice online and require a paper copy.

Signed Parent / Guardian _____
