

In English, we will be developing our writing skills using *Lost and Found* by Oliver Jeffers as our stimulus. We will be revisiting how to use the past tense correctly and continuing to develop our use of adjectives to make our writing more descriptive and engaging.

In Maths, we will be building confidence and developing our skills in multiplication and division. The children will also be exploring the properties of 2D shapes before revisiting and strengthening their understanding of addition and subtraction.

In Science the children will be continuing to learn about animal and human lifecycles.

Year 2

"Penguin Power"

In Computing, the children will be using "Beebots" which supports them in developing programming skills.

In Geography the children will be learning about the world in which we live, focusing on the continents and oceans of the world before looking in more depth at Antarctica. We will then be comparing this with where we live.

In Art the children will be developing their understanding and skills in Sculpture, creating their very own penguin from milk cartons.

In P.E the children will be developing their skills in Drumba, which uses drums, movement and music all at the same time! They will also be creating their own 'Winter Dances'.

In RE, we will be finding out about the festival of lights and how other cultures around the world celebrate during Christmas.

How you can help at home

Reading- please practice as often as possible - **DON'T FORGET OUR CLASS READING RACE!**

Maths - Please practice counting in 2's, 5's and 10's with your child.
