

Mathematics

This term we will be:

Learning about measures and recapping our knowledge of place value and rounding. We will develop our problem solving by applying all four operations to solve problems.

Writing

We will be exploring the video text 'The Varmints' and producing our own poetry .

For non-fiction, we will be writing a piece on a controversial urban development and learn to express our point of view.

Reading

We will be reading 'The Promise' as a class text and link that to parallel texts for independent work.

Geography

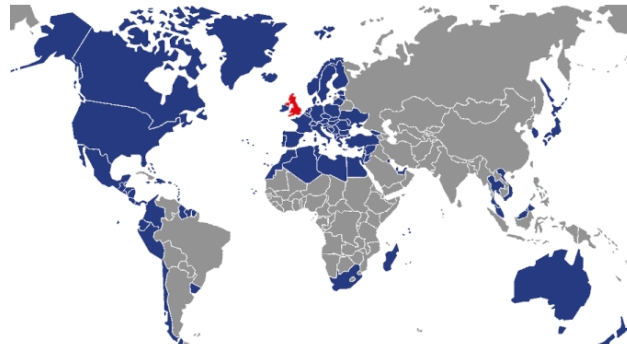

We will be exploring trade links around the world and linking it to mapping skills.

PE

Fencing and Gymnastics

Year 6 Spring 1 Urban Pioneers

Links to home learning

- Use TT rock stars to improve your times table fluency
- Read everyday when possible
- Use Education City—they have great games to support and extend your learning for maths.
- For art, we will ask everyone to bring in a plain white t-shirt so we can create our own designs.

French

We are looking at seasons and linking it to the story of Persephone.

PDL

The focus this term is 'Relationships' and we will focus on the skills needed to develop positive, healthy relationships both face to face and on-line.

Art

Exploring urban artists and graffiti and using their influences to design a t-shirt with a message.

RE

Our focus is Islam and in particular the ritual of Wudu and the festival of Eid-ul-Fitr.

Science

We are investigating sound in all its aspects including sound waves.
