

Year 6 Spring 1

Where in the world?

Mathematics

This term we will be:

We will be consolidating our understanding of formal methods for $\times/+$ and applying these to problem solving across all domains. In addition, we will learn about algebra, BIDMAS, ratio and proportion.

Writing

We will be exploring the play 'Macbeth' as a narrative and retelling events from a different character's perspective. We will also create our own persuasive speech.

Reading

We will be reading 'Rubbish Town Hero' as a class text and link that to parallel texts for independent work.

Geography

We will be exploring trade links around the world and linking it to mapping skills.

PE

Maypole and basketball.

French

We are learning how to talk about how to give directions around the town.

PSHE

The focus this term is the 'Wider World' and we will focus on the skills needed to learn about discrimination and prejudice. We will also learn about personal money.

Art

Exploring urban artist and using their influences to design a t-shirt with a message.

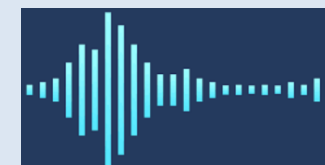

RE

Our focus is Islam and in particular the ritual of Wudu and the festival of Eid-ul-Fitr.

Science

We are investigating sound in all its aspects including sound waves.

Links to home learning

- Use TT rock stars to improve your times table fluency
- Read everyday when possible, at least 5 times a week.
- Use SATS bootcamp to test your knowledge so far for SPaG and maths.
- Use SPaG.com to practice grammar knowledge when set by teachers.
