

English

Our writing is based on a time-slip narrative called *A Night at the Frost Fair*, we will be having a go at writing our own time-slip stories. We will then move onto persuasive writing about plastic pollution, using *Blue Planet* as a stimulus. Our reading this term is based on the novel *Wolf Brother*, we will be focusing on our inference skills.

Science

Our science focus is *Forces* this term. We will be investigating the effects of gravity, air and water resistance, as well as friction. There will be a particular focus on questioning and investigation skills.

Hook

Where am I...? Games based on map skills.

Outcome

Presenting our persuasive texts to another group of children.

Maths

We will be starting the term looking at time then exploring geometry and shape. We will then move onto measurement and place values and using the four number operations. We will also be continuing our focus on times-tables.

Geography

During our *Worlds Apart* topic we will be investigating the similarities and differences between the United Kingdom and New Zealand. We will compare the human and physical geography aspect of both countries and also focus on how the different areas make their money.

PSHE

This term is about living in the wider world. The children will focus on the rights and responsibilities that they, and others, have.

French

We will be exploring different animals, in our *Carnival des animaux* unit.

R.E.

This term, we are learning about 'The Golden Rule' in relation to Humanism.

Computing

During computing this half term, we will be focusing on keyboard skills. We will also be using Microsoft Word to develop our skills using the different functions.

Art

Our art will be linked to our music with a focus on Nordic landscapes and the children's work will be displayed as part of the concert.

Music

This half-term will be learning now an orchestra works, and working with the Philharmonia Orchestra to explore classical pieces of music.

P.E.

Our focus will be on the skills of netball, leading to competitive games. We will also be building up our core strength and stamina through gymnastics.

DT

We will be creating wooden *Moving Toys* this term, using cams and levers. We will develop our measuring, sawing and joining skills.
